KODIAK 30

VERY SIMPLE INTUITIVE OPERATION Set the time and speed. Press start and stop. It's that simple, and everything is controlled at an ergonomic working height from the angled control panel.

FRONT ATTACHMENT DRIVE

KODIAK is also available with an attachment drive for meat mincers and vegetable slicers.

PATENTED DETACHABLE SAFETY GUARD

The guard has an integrated filling tray, is made of transparent polycarbonate and is dishwasher-safe. It can be attached instantly without tools. The guard is held in place by magnets, which also serve as a safety cut-off.

WORLD'S MOST EFFECTIVE WHIP Unique design increases speed at the periphery and reduces the working time.

TWO MACHINES IN ONE The KODIAK 30-litre model can be supplemented with a smaller 15-litre bowl and associated tools, for production in reduced quantities. This increases the machine's versatility.

ERGONOMIC BOWL TROLLEY No heavy lifting is needed when the bowl is wheeled directly to and from the machine at worktop height. The bowl can be tipped, but is seated securely in a rubber ring during movement.

IP44 Varimixer KODIAK can be cleaned in line with the IP44 standard.

ERGONOMIC RAISING AND LOWERING The ergonomically designed handle lowers and raises the bowl and locks it in place in a single movement.

STAINLESS STEEL Made of easy-to-clean stainless steel with a strong frame and high, adjustable legs, to allow cleaning under the machine. The bowl, wire whip, beater, dough hook and scraper are also made of stainless steel and are dishwasher-safe.

RUNS ON 230 VOLTS KODIAK can be connected to a normal power outlet. A frequency converter and a three-phase motor make Varimixer KODIAK a very powerful mixer.
